

Tournament Player Verification Form

Purpose: To make registration and tournament verification easier in future years. Little League has developed a process by which verification of age and residence can be done once. The Tournament Player Verification Form is valid for regular season registration and All Stars for the duration of the player's continuous LL participation.

Parents simply need to complete the form on-line and print it. Submit it to your league with a certified copy of the birth certificate and qualified original supporting residence documents, **or** School Enrollment Form.

Copy and paste the link into your browser.
